

Summer is officially here at last and members are engaging in a range of diving activities.

The biggest event so far has been the weekend diving trip from the 17<sup>th</sup> May to May 20<sup>th</sup>, with a few lucky club members staying on for a full week of diving and sightseeing. Porthkerris Dive Centre, was the focus of the weekend diving.

The Saturday morning saw our eager diving members assemble for the obligatory group photo, along with the club's mascot Rosie. Then along with the equipment loaded onto the pontoon boat members were treated to a novel way to board the dive boat which was via a rolling pontoon that carried equipment and all to the 'Celtic Kitten'.

Once aboard the boat set off for a day's diving which included the wreck of the 'Camarthen' at a depth of approximately 28m just off Lizard point and an afternoon dive on the 'MV Citrine' wreck/ scenic dive.

Sunday saw more scenic dives around 'Drawna Rock,' and encounters with an abundance of spider crabs and snakelock anemones, spiny star fish, and wrasse.

The Sunday evening barbecue was a great way to round off the weekend. For those staying for more diving 'Porthoustock' beach proved to be a very enjoyable and relaxing dive with more spider crabs, spiny starfish and wrasse, plus a strawberry anemone and, for one very excited diver an encounter with his first ever cuttlefish, unfortunately not caught on camera.
